Notes:

Game Times: Games start promptly at 6:30, 7:30, and 8:30pm so please be early for your game, warmed up and ready to play at those times. A team must have at least 4 players present at the start of the game for the game to count otherwise they will forfeit that game. If a team only has less than 4 players for the entire night they will forfeit all three games. First game starts promptly on the half hour and play is first to 25pt, win by 2, cap at 27. Second game follows same format. Third game will follow the same format unless games are running behind, which will result in games played to a lower score based on how far behind the match is at the start time of the third game.

Tip Time: A group tip time will commence after the first (6:30pm) and third (8:30pm) sets are complete. We would like to see everyone present for this time as we share a brief devotional thought and a time of prayer. If your game follows the Tip Time on a particular evening, please plan on being there early so that you can be a part of it each week. This will be a very casual time of encouragement and brief prayer that will require no more than your presence. Lacing up sneakers, stretching in place, and other pre-game or post-game rituals are completely fine as long as they are not overly distracting to those around you.

Standings: Each team will play 3 games each week. The team that wins at least 2 of those games will win the set for the week and will get 1 point for the weekly standings. The team with the most sets at the end of the season will be the top seed going into the playoffs. The total number of games you win throughout the season will be used to break any ties that arise in the standings at the end of the season.

Substitutions: If your team is not able to field at least 6 players from your natural roster, you are permitted to find a substitute of the equal skill level of the player that they are replacing. You must notify League Directors beforehand for approval. No subs are allowed in the playoffs unless they have played at least 3 regular season games with the same team to replace a player that has been forced to drop out due to injury or other unforeseen circumstances.

Coed Team Requirements: There are no requirements for a minimum amount of females on the court, however, in no instance, whether male or female, is a team allowed to intentionally sideline a player in order to gain an advantage on the court.

Payments: For those of you who have either not paid or to whom a refund is due, please contact Ryan Palma by email at ryanjosephpalma@gmail.com
